

REFORMER PILATES

BEGINNER CLASSES *Essentials*

For those who are new to Pilates and focuses entirely on developing integrity and resistance through all movements. There is a large emphasis on control and precision but enough of a workout to get your endorphins flowing. The reformers pre-tensioned, weighted springs provide continual feedback to the body so you can focus on mastering excellent technique and movement patterns. Suitable for those recovering from injury.

INTERMEDIATE CLASSES *Progress*

Build on the foundations learnt in Essentials. You'll move through a more challenging series of exercises that incorporate the functional movement patterns to strengthen, tone, firm and balance your body, improve posture and prevent injury. Not suitable for beginners to Reformer Pilates, those with injuries or during pregnancy without pre-approval by a Pilates Instructor.

PRIVATE *1 on 1*

A more personalised workout designed to help you achieve your personal goals through encouraging coaching and supervision from a Pilates-trained physiotherapist.

Classes are held at 7 Windsor Street, Invercargill
